SCREEN PROTECTOR KSIX FOR GALAXY A5 - 2 UNITS

Brand: **KSIX** SKU: **B8543SC01** EAN: **8427542060859**

A screen protector is key to avoid scratches and reduce the risk of breaking your Smartphone screen. A Ksix screen protector is very easy to install in four easy steps.
Made with high quality PVC, the Ksix screen protector will not affect the touch screen functionalities. Its high degree of transparency makes it almost invisible.

Very practical to apply avoiding bubbles in the installation process and easy to remove from the device.

Technical Information

Ultra thin screen protector.

Material: PVC

Includes screen cleaner cloth.

Can be cleaned with a humid damp cloth.

2 units.

How to use
Instructions in 4 simple steps:

li>Step 1: Clean the Smartphone’s screen with the cloth.
Step 2: Remove the tab marked with number one.

Step 3: Paste the protector on the side of the flange 1 with adhesive to your mobile screen being careful not to create bubbles.

Step 4: Pull the tab labeled as number two and remove the plastic. Once removed the mobile guard leaves adhesive free on the screen.
